Avem la dispozitie o **varianta combinata** intre routele **V1-Tr. Tulcea-Mila 23 pt. George** si **V2-Tr. Tulcea-Mila 23 pt. George** si anume sa intram pe Lacul Baclanestii Mari pe Intrarea Sudica, sa ne orientam spre nord si sa traversam lacul catre Iesirea Nord-Estica si sa prindem de acolo Canalul de Argint de unde intram pe ruta primei variante.
